Entry Guidelines

Kindly check that you adhere to the requirements and regulations set by the local governments of your respective international destinations. The Malaysian Government has made it MANDATORY for all incoming passengers including Malaysians to download and activate the MySejahtera mobile app before departing to Malaysia.

Prior to your departure and post-arrival, you may be required to fulfil a number of requirements, including proof of vaccination, health declarations, special passes, pre and post arrival COVID-19 test results, quarantine upon arrival, COVID-19 insurance (not required effective 1 May 2022) and daily self assessments. You may also be required to download certain mobile applications prior to arriving at your destination. Exclusive for AirAsia guests, book the RTK-Antigen test at Gateway [here](#) for RM60.

To ensure the highest safety standards, guests are highly encouraged to:

Perform mandatory self check-in via the airasia Super App to minimise physical contact.

- Be certain that you're not experiencing COVID-19 symptoms, such as fever, cough, sore throat, runny nose or any respiratory symptoms.
- You are required to wear a mask when flying with AirAsia. For the safety of our guests and crew, we don't allow masks with exhalation or breathing valves as they are less effective in preventing the spread of COVID-19.
- Refrain from flying if you've had contact with a person with a confirmed or suspected case of COVID-19 or someone with a stay home order within the last 14 days.

For the latest, and verified information in your destinations, we strongly encourage all travelling guests to check the travel restrictions with the respective government of your origin and destination country / state directly, prior travelling with us.
